THE HIROSHIMA
BOTANICAL GARDEN

WELCOME TO THE HIROSHIMA BOTANICAL GARDEN

The Hiroshima Botanical Garden was established for the citizens in 1976 as a relaxing and educational place to expand their knowledge of plants. The garden is comprised of the main conservatory, begonia displayhouse, phylogenical garden, rock garden, Japanese garden and camellia garden, utilizing the undulated land effectively. The garden makes an effort to collect and keeps about 10,000 species.
